💼 EXPERIENCE

Project Manager

TechStart UCalgary, Calgary | 2022 - Present

- Leading a team of developers with the goal of creating a unique and sustainable product.
- Mentoring and guiding experienced as well as inexperienced students in app development using industry standard practices and technologies.
- Responsible for managing deadlines, setting goals and creating a positive and productive team environment.

Project Management, Leadership, Agile, Typescript, React Native, Firebase, APIs

Lead Front-End Developer

TechStart UCalgary, Calgary | 2021 - 2022

- Working on challenging projects as part of a team of developers.
- Building functional and perfomant web applications using industry standard practices.
- Presenting the project we have worked on during the year and making a pitch to software companies such as Microsoft, Unity and Arcurve.

Collaboration, Leadership, JS, ReactJS, Node, TypeScript, NextJS, ChakraUI, MongoDB

Front-End Engineer, Co-Founder

LAN Digital, Belgrade | 2021 - Present

- Co-founded the digital marketing agency with two of my friends in 2021.
- Responsible for client communication, UI Design and Web Development.
- Built the agency's website as well as websites for our clients.
- Managed client outreach and cold emailing.

Client Communications, JS, ReactJS, NextJS, TypeScript, Styled Components, Figma, TailwindCSS

Operations Intern

Replai Inc., Lisbon | 2022

- Responsible for the annotation of thousands of marketing assets for various big companies.
- Maintained a high level of precision and tenuous quality control under pressure and short deadlines.
- Suggested and incorporated new annotation classes, which boosted client sales and secured new contracts.

Coordination, Slack, Time Management, Leadership, Communication Skills, Microsoft Excel
